

Coronavirus: resources for managing anxiety and improving wellbeing

30/04/20

At this time of uncertainty, disrupted routine and restricted freedom, it's understandable to be feeling anxious. This toolkit includes resources for school staff, parents and carers and children to help manage anxiety and improve wellbeing during the coronavirus crisis.

You will find practical activities such as mindful crafts, breathing exercises and other self-care ideas, informative videos, emotional expression worksheets and helpful strategies to address anxiety.

Resources for children

Relaxation activities for children - Save the Children

Six simple activities for relaxation at home.

[Go to resource](#)

Emotion wheel - Mentally Healthy Schools

The emotion wheel can be used with children of all ages who are struggling to express their current feelings. By identifying an image, they can convey their current feelings. Using the wheel regularly throughout the day will help children and young people see the changing nature of their feelings and can help reduce anxiety around feeling a certain way.
