

# Teach Outside the Box: Take It Outside

## Art Outside

### Introduction

This activity can involve any number of pupils working individually, in pairs or as small groups.

This task involves collecting natural resources in your school grounds and creating a natural art picture.

### You will need:

- Large pieces of paper (A3 or larger)
- A collection of natural resources from your school grounds.
- Glue

### What to do:

Once you have a collection of resources, create your picture and stick the materials securely.

### Ways to Support

Group pupils according to their needs. Provide a template to fill or suggest a theme for the artwork.

### Ways to Extend

Pupils could be allocated more challenging tasks/themes.
